The aim of this course is to break down all aspects of the course into the specific requirements that are necessary to succeed in both the written and oral exams.

Vocabulary that is common to almost all of the 20 “sraith pictiúr” is also provided, thereby cutting out a large amount of unnecessary rote learning for this aspect of the oral exam.

Due to the time limit, it won’t be possible to cover all of the stories and poems in one day and for this reason An Lasair Choille, Géibheann and Colscaradh won’t be covered. They will be fully covered in the book of notes that all students will receive. Online resources for these will also be provided on Edmodo.

The day is also particularly suitable for mature students who are taking LC Irish in order to gain entry into Primary School Teaching.
